ACCORDO CON L'EUROPEAN ALLIANCE FOR INNOVATION PER L'ORGANIZZAZIONE DELL'IOT360 SUMMIT 2015.

Il Presidente presenta la seguente relazione predisposta dell'Area Supporto alla Ricerca sentito, per quanto di competenza, l'Ufficio Comunicazione dell'Area Supporto Strategico e Comunicazione.

Il 27 e 28 ottobre 2015 si terrà a Roma, presso il Centro Congressi Frentani, la Conferenza Internazionale "IoT360° Summit - the Gateway to Innovation" (IoT), organizzata dalla European Alliance for Innovation (EAI) in collaborazione con il Fraunhofer Fokus Institute, l'IBM, l'INSME e CREATE-NET.

La Conferenza, aperta a innovatori, rappresentanti dell'industria, ricercatori, esperti, sviluppatori ed altri stakeholder, rappresenta un importante luogo di incontro e di confronto sulle opportunità offerte dall'Internet degli Oggetti con l'obiettivo di sfruttarne l'immenso potenziale.

L'articolazione del Summit prevede sia sessioni a carattere teorico che a carattere pratico, sia in modalità seminario che in forma di laboratorio, su temi quali la valorizzazione e lo sfruttamento commerciale delle tecnologie, i nuovi metodi per accelerare le idee verso il mercato, gli strumenti per raccogliere fondi in Europa, nonché esercitazioni ed eventi scientifici sui risultati della ricerca nei principali settori di applicazione dell'Internet degli Oggetti.

E' previsto inoltre uno spazio espositivo per la dimostrazione di progetti, nuove tecnologie e prodotti innovativi da parte di start-up ed aziende.

L'European Alliance for Innovation è un'organizzazione no-profit che ha l'obiettivo di promuovere l'innovazione per migliorare la competitività europea e accrescere il benessere sociale.

Sapienza ha già aderito ad iniziative dell'EAI fornendo il proprio contributo scientifico, come testimonia anche la partecipazione di relatori Sapienza alla scorsa edizione dell'IoT360° Summit.

Sulla scia del successo dell'edizione 2014, l'EAI intende consolidare la collaborazione per l'edizione 2015 tramite la firma di un Partnership Agreement, che si sottopone all'approvazione di questo consesso.

L'accordo, che non prevede oneri a carico dell'Amministrazione, stabilisce le modalità di collaborazione tra le Parti per l'organizzazione dell'edizione 2015 dell'IoT ed in particolare disciplina:

- la titolarità dei diritti di sfruttamento dell'iniziativa, in capo all'European Alliance for Innovation;
- le condizioni di utilizzo dei rispettivi loghi;
- le modalità di promozione dell'evento;
- la possibilità per Sapienza di contribuire al programma della conferenza sia con propri speaker che organizzando una o più sessioni;
