PhD mobility programme

Roma, 4 aprile 2022
Mobility for PhD students
MIUR youth support fund (DM MIUR 976/2014)

Annual call aimed at financing mobility grants abroad for PhD students for the implementation of a joint or individual research project in foreign institutions (Host Institution = any institution, public or private, academic or non-academic, in which it is intended to carry out the research activity)

Expected results:
• Implementation and consolidation of virtuous partnership experiences;
• Increased awareness by doctoral schools of the need to promote the internationalization of doctoral careers;
• Bringing doctoral schools closer to European planning (ex: MSCA-Rise .......)

Internationality
Intersectoriality
Interdisciplinarity
Call for International mobility for PhD students

MIUR youth support fund (DM MIUR 976/2014)

Call characteristics:

What it finances
The call finances the mobility of **Doctoral Students** to carry out our research activities in the framework of a **joint or individual project**.

Who is it for?
The call is intended for **PhD students enrolled in the 2° and 3° year** who want to carry out a research project at a host institution in a foreign country.

Who can apply
The application is submitted by a **proposing professor** who assumes the role of scientific manager of the project.
Call for International mobility for PhD students
MIUR youth support fund (DM MIUR 976/2014)

Grant Characteristics:

• **Duration:** funded *ONGOING* stays for periods of no less than 3 months and no longer than 6 months

  *Between March and December 2022*

• **When:** to take place starting from the second year of the doctorate. The period of stay abroad must be carried out and end within the three years of enrollment in the course and in any case by the presentation of the final dissertation date.

• **Funding:** € 700,00/month for scholarship holders (compatible with the integration for the mobility abroad) - € 1,800.00 / month for PhD students without scholarship
