What you can do in Universitaly

The Universitaly platform provides students with a full set of information on the Italian University system, on your first steps in Italy and many other useful details to start your academic career in Italy and your day-to-day life in our Country (transports, healthcare system, fiscal code, etc.).

In addition, the platform is the dedicated (and mandatory) web tool to ask for your study visa if you are a non-EU citizen residing abroad and to register for the national admission test for Medicine and Dentistry (Italian and English) for all candidates.

Healthcare In Italy

In Italy, everyone has the right to receive healthcare.

The public healthcare system called Servizi Sanitari Nazionali (SSN) is divided into Local Health Units (Uffici Sanitari Locali or Usl).

To receive all the care you need, it is important to know how the Italian healthcare system works.

First of all, you should know that the healthcare services you can access depend on the document you possess:
- You are a "regolare" without documents: you are entitled to receive only emergency and ambulatory care.
- If instead, you have a residence permit (or have applied for one), you are entitled to all healthcare services provided by the National Healthcare System.

The most important services for those who can access the SSN are:
- primary care physicians/dentists.
- medical specialist.
- emergency room/hospital.
- emergency number 118.

General practitioner

The service is free and the primary care physician is required to treat all people without any discrimination.

If you are in a difficult situation, you can contact the National Health Care System (SSN) and make the following arrangements:
- passport.
- residence permit.
- health card.

Students with citizenship of the European Union

If you have a TEAM card:

European Health Insurance Card (EHIC) is valid for all EU countries. If you are traveling outside the EU, you can still benefit from the same healthcare services provided by the national health organizations and can access the following:
- primary care physicians.
- medical specialists.
- emergency services.

If you have a right certificate other than TEAM, usually, in order to access healthcare services, you must get a Local Health Unit (COOP) card. Please check if you are eligible to obtain the SSN and complete healthcare services under the same conditions as Italian citizens.

The way to access healthcare services may vary depending on the right certificate you possess. Fill in the form of registration.

Other cases:

If you don't have a TEAM card or a Right Certificate, you must take out valid private health insurance services (COOP), where applicable.

If you have private health insurance, you can go to any primary care physician. If you need special care, you must contact the hospital of your choice.

Private health insurance policies:
- do not include Medicaid in the SSN (the coverage of a common service).
- usually require the payer to pay the examination and then request reimbursement from the insurance company.

When applying for the policy, carefully check the methods and terms of reimbursement. Remember that the healthcare expenses in Italy could be very high, so it is advisable to check in advance by contacting the insurance company if the case service you need is reimbursable.

If you are a resident in Italy for less than 3 months, you cannot request the reimbursement of the "Payroll" on the SSN. In this case, you can enroll in the Italian National Health Service (INPS) with the choice of a private carrier payment, i.e., doctor's order. Check with one of the optional units of the Local Health Unit (CSL) to know how to enrol on the SSN.

Non-EU students

If you are a student enrolled in the Italian National Health System (SSN) or have visited an institution, you are entitled to:
- all healthcare services.
- the choice of a private carrier payment, i.e., doctor's order.
- the enrollment in the Italian National Health Service (INPS) with the choice of a private carrier payment, i.e., doctor's order.

Transport in Italy

The most common means of transport in Italy are:
- bus.
- train.
- bicycle.
- taxi.

Bus

This bus is a means of public transport available in almost every city.

Number of buses
Each bus line is a problem-free route with a specific number that you can find on the bus sign. To find the bus number, you need to consult the website of the bus service or ask the driver.

Timetable of the bus
Every bus line has a specific timetable according to which the bus is available and at which time. You can check the availability on the website of the bus service.

Tickets
You can buy tickets at the bus stop itself, at the ticket offices of the main bus stops, or by sending to SMS with your mobile phone branch code for the public transport of the city you are in.

Getting off the bus
When you reach your stop, you must validate the ticket using the device on board.
You can pre-enrol for your Study Visa, if you are a non-EU citizen residing abroad – mandatory pre-enrolment within 28 June 2024.

You must register for your ADMISSION TEST for Medicine & Surgery or Dentistry and Dental Prosthodontics – For the course in Italian «Accesso Programmato» - For the course in English «IMAT»
1. Pre-selection (if available in the dedicated list of courses) and registration on Infostud. The pre-selection is mandatory for non-EU candidates residing abroad.

Language requirements and certificates

• For admission in a degree program taught in Italian language all non-EU citizens residing abroad and requiring visa must have at least a **B2 level in Italian language** according to the Common European Framework of Reference for Languages (CEFR).

• If you choose a course taught in English, no prior knowledge of Italian is necessary to enroll in Sapienza but most programs require a **B2 level in English language** according to the Common European Framework of Reference for Languages (CEFR). You can check the **minimum English language requirements** in the call for applications related to the chosen course or in the **pre-acceptance requirements**.

[Image of language levels and phrases]
Language requirements and certificates

You have to certify your Italian language knowledge by means of one of the following, to be achieved within 28 June 2024:

- CELI, CILS, CERT.IT, PLIDA certificates (issued by CLIQ associates) minimum level: B2
  More info: Italian Language Test for International Students

Alternatively

- You must take an online Italian language test organized by CISIA with a minimum score of 55 points
  More info: Italian Language Test for International Students

- Some programs may waive the above requirements after an online interview or consider alternative certifications. Always check the call for applications or the pre-acceptance requirements for any update.

- Duolingo certificates are never accepted (Duolingo is accepted just for the enrolment in Sapienza Foundation Year)

Once you have found your preferred course, you can enter its page where you will find all useful information.

- **Apply section**: it contains the call for application with all **mandatory procedures and deadlines** for the final admission. Read the call carefully and act accordingly to the instructions, **if any step and/or any deadline are missed you will not be enrolled**.

- **Contact, services, facilities**: all you need to know in order to contact the right people for any possible issue and/or request of assistance.

- **Study plan** and **Attendance**: these 2 sections are important to evaluate the course study plan and act accordingly after your enrolment.
First request for a residence permit for study purposes

If you are a non-EU citizen residing abroad and wish to enrol in a degree program in Italy, you must apply for an entry visa for study purposes at the Italian diplomatic representation (embassies and consulates) of the Country in which you reside; the pre-enrolment procedure to apply for a study visa is available online on the Universitaly portal.

Once you have obtained your entry visa for study purposes, **within 8 days from your arrival in Italy**, you must go to any Poste Italiane office, request a kit for the initial issue of a Residence permit for study purposes and start the application procedure.

The receipts of your request, released by the postal office, have to be sent to studentistranieri@uniroma1.it together with your enrolment documents.

Carefully read the dedicated page for full information

https://www.uniroma1.it/en/node/468546
Renewal of the residence permit

If you are a non-EU citizen, already residing in Italy and already holding a residence permit, you need to ask for its renewal at least 60 days before the expiry date.

We remind you that, for University enrolment, only the following permit of stay will be accepted, issued by the Italian Government:

- EU residence permit for long-term stay;
- residence permit for subordinate work or for self-employment;
- residence permit for family reasons;
- residence permit for asylum, for subsidiary protection or special reasons;
- residence permit for religious reasons;
- residence document in electronic format for UK citizens issued on the basis of the Art. 50 TUE – Art. 18.4 of the Withdrawal Agreement EU-UK.
- you are a citizen of a non-EU country but you have been a legally resident in Italy for at least one year and you hold an upper secondary school qualification obtained in Italy that gives you access to University;
- you are a citizen of a non-EU country and you are enrolled in an Italian university, you hold a valid residence permit for study purposes and you wish to apply for a transfer or a change of program for the following academic year. ATTENTION: if you are already enrolled in an Italian university and you wish to move to Sapienza, do not withdraw from the previous university otherwise your residence permit for study purposes loses its validity and you need to start again with the study visa procedure by going back to your Country. In these cases you have to ask for a transfer procedure from your present Italian university to Sapienza;
- you are a citizen of a non-EU country and you, one of your parents or your spouse is in service at a Diplomatic consular mission or international organization working in Italy and accredited by the Italian Government or the Holy See.

ATTENTION: please remember that a Student residence permit issued to attend a course of Italian language, as well as an Exchange programme (es. Erasmus), is not valid for University enrolment as an EU-student, so you need to ask again for a Study Visa (via Universitaly) and a new related permit of stay. In this case, please refer to procedures for “Non-EU Citizens residing abroad and requiring a Study Visa”.

The Hello - International Student Office has the right to verify the documents related to your residence permit issuance.

Carefully read the dedicated page for full information

These are examples of the receipts you will be given at the postal office when applying for the first residence permit or for the renewal of your residence permit.

**In case it is your first residence permit:** you need to send the receipts together with your enrolment documents.

**In case the receipts are related to a request of renewal:** you need to send them together with your present permit of stay and your enrolment documents.

Carefully read the dedicated page for full information.
The HELLO – International Student Office is responsible for the evaluation of the international qualifications aimed at the admission to all degree course programs.

All candidates (EU, EU Equivalent and non-EU residing abroad and requiring study visa) need to send the following mandatory documents for the final enrolment once they are ready and before the deadline as set in each call for applications:

- For bachelor’s and single-cycle degrees
- For master’s degrees
- For the foundation year

Enrolment procedures such as completion, submission and administrative checks of mandatory documents will be carried out with an online preliminary procedure.

The Hello – International Student Office will schedule in person appointments to carry out an in-depth check on documents submitted online, in order to reconfirm their authenticity, so candidates are required to take original hardcopies of all the mandatory enrolment documents with them when they are summoned.
