CIVIS
move in Europe within the alliance!
CIVIS is a European Civic University formed by the alliance of eight leading higher education institutions across Europe. It brings together a community of more than 384,000 students and 55,000 staff members including 30,000 academics and researchers. CIVIS aims to create a truly unique European interuniversity campus where students, academics, researchers and staff will move and collaborate as freely as within their institution of origin.

Five hubs are at the core of our strategy: Health; Cities, Territories and Mobility; Climate, Environment and Energy; Digital and Technological Transformations; Societies, Culture and Heritage.

A CIVIC IDENTITY AT THE FOREFRONT OF THE EUROPEAN VALUES

Rooted in their urban and regional landscape, CIVIS universities actively contribute to the social, cultural and economic dynamism at the local level, and promote European values such as inclusiveness, gender equality, non-discrimination and social equity.

CIVIS will forge richer interactions and co-creation of knowledge and skills with citizens, schools, enterprises, social and cultural associations.

A BRIDGE TOWARDS THE MEDITERRANEAN AND AFRICAN REGIONS

CIVIS aspires to become the European University Alliance of reference for connections with the Mediterranean and African regions. Our geographic locations, as well as the already established partnerships with Mediterranean and African institutions will be key assets in this respect.

» Building new partnerships with Mediterranean and African academic institutions: university agreements, research projects, Summer schools...
» Developing digital infrastructures to increase student mobility
» Fostering research and educational collaborations to address joint challenges, interests and solutions

CIVIS PARTNER UNIVERSITIES

- Aix-Marseille Université (France)
