To be admitted to the Professional Master Course, candidates are assessed on the basis of their academic qualification (referred to in Article 5 of the present call for applications), which must belong to one of the degree classes indicated in the specific admission requirements in the **Course Details** ("Dettaglio corso"). For some of the Professional Master Courses, additional qualifications/experience included in the CV may be assessed.

Where required, the admission test will be carried out in accordance with the methods and deadlines indicated in the specific admission requirements laid down in the **Course Details** ("Dettaglio corso") or indicated on the Professional Master Course's web page.

Article 9 – PUBLICATION OF THE LIST OF ADMITTED CANDIDATES / RANKING

At the end of the assessment process or of the admission test, a list of candidates admitted will be published on each Professional Master Course's webpage. The publication of the list of admitted candidates is treated as an actual notification.

Where the number of candidates is greater than the number of places available, candidates will be included in an appropriate ranking and only successful candidates in the ranking will be admitted to the Professional Master Course; eligible (“Idonei”) but not successful candidates will be admitted only in the event of withdrawal of successful candidates.

Article 10 – PAYMENT OF THE PROFESSIONAL MASTER COURSE TUITION FEES

Candidates admitted to the Professional Master Course must make the payment for the first instalment of tuition fees or for the one-off tuition fee indicated in the **Course Details** (“Dettaglio Corso”) document of each Professional Master Course without fail within **15 February 2019**.

To make the payment the personalised form printed out from the Infostud 2.0 system must be used following this procedure: access the Infostud system with the student registration number and password from the page <https://www.uniroma1.it/it/pagina-strutturale/laureati>, select, in the following order: Professional Master Courses – First year – enter the **course identification code** (“codice identificativo del corso”): - Continue - Print.

Where the admission procedures’ outcome is a list of admitted candidates, in accordance with Article 10 subparagraph 1 of the Regulation (“Regolamento”), candidates admitted to the Professional Master Course who fail to pay the first instalment of tuition fees within 15 February 2019 will have to pay a surcharge for late payments of €65; if the payment for the first instalment of tuition fees is made 60 days after **15 February 2019** candidates pay a surcharge whose value is double the amount of the ordinary late payment fee.

Where the admission procedures’ outcome is a ranking, in accordance with Article 10 subparagraph 2 of the Regulation (“Regolamento”) and there are eligible (“idonei”) students who have not gained a place, candidates admitted (successful) who fail to pay the first instalment within **15 February 2019** will be deemed to have given up their place. Such candidates will be allowed to enrol only after all the other candidates in the ranking have had the chance to enrol.

The last date available for the payment of the SECOND INSTALMENT is 30 May 2019; failure to pay the second instalment in accordance with the deadlines determines a late payment surcharge. If the payment for the second instalment of tuition fees is made 60 days after the deadlines provided for in the call for applications, the surcharge value is double the amount of the ordinary surcharge.

Once the payment deadlines are over, it is not possible to print out the payment slips from Infostud 2.0, therefore, candidates authorised to enrol, will have to request the payment slips from the Professional Master Courses Office, by sending an e-mail at: settoremaster@uniroma1.it.

Article 11 - EXEMPTION FROM TUITION FEES FOR DISABLED STUDENTS OR STUDENTS WITH IMPAIRMENTS

Students with a recognised disability in accordance with Article 3, of Law 5 February 1992, No. 104, or with an impairment severity rating equal to or greater than 66% are exempted from the 50% of the tuition fees without prejudice to any other exemption provided for in the Professional Master Course Regulation (Article 30 subparagraph 9 of the Regulation).

In this case it is not possible to print the payment slips from Infostud 2.0, therefore students will have to request the necessary payment slips from the Professional Master Courses Office at the e-mail address: settoremaster@uniroma1.it.

Article 12 – CONDITIONAL ADMISSION FOR GRADUAND CANDIDATES

Graduand candidates who will gain their qualification **within the last session available for the 2017/2018 academic year** and who wish to take part in the admission procedures referred to in the present call for application must, as well as registering on Infostud in accordance with the methods in Article 5 of the present call for applications, declare their graduand student status by clicking Profile, University Degrees and ticking the “Graduand” box. Candidates must then follow the procedures for the payment of the admission test fee referred to in Article 6. Such students will be admitted conditionally, and if the outcome of the selection procedures is a ranking, they will be ranked at the lower positions of it.

Following the selection procedure, in order to enrol in the Professional Master Course, such students, within 10 days from the award date of the qualification, must:

- send an e-mail to the e-mail address indicated in the **Course Details** (“Dettaglio Corso”) to notify they obtained the qualification;
- request the payment slip for the payment of the first instalment or of the one-off tuition fee, without the surcharge for late payments, to the Professional Master Courses Office (e-mail: settoremaster@uniroma1.it);
- pay the aforementioned first instalment of tuition fees or the one-off contribution within the deadline indicated in the payment slip;

Candidates who did not obtain their qualification at Sapienza University of Rome must also update their university career in their Infostud profile, by entering in the “Profile – University degrees” the graduation date and relative mark, and de-selecting the “graduand” box.

Article 13 – FUNDINGS AND/OR SCHOLARSHIPS

Fundings from external institutions that cover a part or the whole amount of tuition fees may be available; the criteria and methods for allocating such fundings are defined and published by the funding institution. Any scholarship, partial or total exemption from tuition fees already available when the present call for applications is issued are indicated in the documents published on each Professional Master Course’s webpage at: <https://www.uniroma1.it/it/pagina/elenco-dei-master>

Article 14 - AUDITORS

When provided for by the **Course Details** (“Dettaglio Corso”) supernumerary candidates who do not meet admission requirements may be allowed to attend the Professional Master Course as auditors.

In such cases payment slips cannot be printed out online from the Infostud 2.0 system and auditors will have to request the necessary payment slips via e-mail to the Professional Master Courses Office at: settoremaster@uniroma1.it.

Auditors are not taken into account for the minimum number of candidates required to activate the Professional Master Course.

On no account may auditors take part in workshops or attend internships; The Professional Master Course’s Regulations defines the activities open to auditors.

At the end of the Professional Master Course, auditors who meet the minimum attendance requirement may receive the certificate of attendance.

Article 15 – SINGLE COURSES

Candidates who hold the educational qualification required for admission to the Professional Master Course may enrol in single courses of the Professional Master Course where provided for in the Regulation and for up to 20 credits (CFU/ECTS).

Students enrolled in single courses may take the relative exams and obtain the certificate provided by the Director of the Professional Master Course attesting the number of credits gained.

Where the Professional Master Course is not activated single courses relating to it cannot be activated unless they have been converted into Advanced Study Courses.

Credits gained with single courses within the Professional Master Course may be taken into account for purposes of enrolment in other academic programmes.

The minimum amount of tuition fees for each single course is calculated on the basis of the number of credits and of tuition fees of each Professional Master Course in which it is held.

In such cases, payment slips cannot be printed out online from the Infostud 2.0 system and the Educational Affairs Office will have to request the necessary payment slips via e-mail from the Professional Master Courses Office at: settoremaster@uniroma1.it.

Article 16 - WITHDRAWAL

Candidates admitted to the Professional Master Course who wish to withdraw from the course must send a written statement notifying their decision to the Professional Master Course Office whose e-mail address is available in the **Course Details**: settoremaster@uniroma1.it. Any contribution that has already been paid is not refunded (Article 16 subparagraph 9 of the “Regulation”).

Article 17 - BAN ON DUAL ENROLMENT

In accordance with Article 142 of the T.U. 1592/1933 simultaneous enrolment in more than one academic programme is prohibited: therefore students enrolled in Professional Master Courses included in the present call for applications may not enrol in other Professional Master Courses, Postgraduate Specialisation Programmes, PhD Programmes, Bachelors Degree Programmes and Master Degree Programmes during the same academic year. Such incompatibility does not apply to candidates with Research Bursaries. This rule does not apply to Advanced Study Courses (Article 21 subparagraph 1 of the Regulation).

Article 18 – FINAL EXAM PROCEDURES AND AWARDING OF QUALIFICATION

Procedures and methods for the final exam are indicated in the **Course Details** (“Dettaglio Corso”) document published on the Professional Master Course’s web page.

The final thesis is presented and discussed before the examining Commission which will assess it with a mark out of 110, the Thesis Committee may, by unanimous decision, give the candidate a full marks with honours. The lowest mark needed in order to pass the final exam is 66/110.
