

Ethics Statement

1. HUMAN EMBRYOS/FOETUSES	YES	NO	If YES - Information to be provided in the proposal	If YES – Useful documents to be provided
<p>Does your research involve Human Embryonic Stem Cells (hESCs)?</p> <p><u>P.N.</u></p> <p><i>If they will be directly derived from embryos within this project, the activity will not be eligible for funding.</i></p> <p><u>* Six conditions</u></p> <ol style="list-style-type: none"> 1) cells were NOT derived from embryos specially created for research or by somatic cell nuclear transfer; 2) the project uses existing cultured cell lines only; 3) cell lines were derived from supernumerary non-implanted embryos resulting from in vitro fertilization; 4) informed consent has been obtained for using donated embryos for the derivation of the cell lines; 5) personal data and privacy of donors of embryos for the derivation of the cells are protected according to the data protection rules applicable for the donors and in the EU; 6) NO financial inducements were provided for the donation of embryos used for derivation of the cell lines. 			<p><u>If they are previously established cells lines</u></p> <ul style="list-style-type: none"> • Origin and line of cells • Details on licensing and control measures by the competent authorities of the Member States involved • Declaration confirming that <u>the 6 specific conditions</u> * for activities involving human embryonic stem cells are met <p><u>If they are the cell lines registered in the European registry for human embryonic stem cell lines</u> Same information as above</p>	<p><u>If they are previously established cells lines</u></p> <ul style="list-style-type: none"> • Copies of ethics approval • Declaration that the human embryonic stem cell lines used in the project are registered in the European hESC registry (www.hpscereg.eu) <p><u>If they are the cell lines registered in the European registry for human embryonic stem cell lines</u> Same documents as above</p>
<p>Does your research involve the use of human embryos?</p>			<ul style="list-style-type: none"> • Origin of embryos 	<ul style="list-style-type: none"> • Copies of ethics approval

<p><u>P.N.</u></p> <p><i>If the activity will lead to their destruction, the activity will not be eligible for funding.</i></p>			<ul style="list-style-type: none"> • Details of the recruitment, inclusion and exclusion criteria and informed consent procedures • Confirmation that informed consent has been obtained 	<ul style="list-style-type: none"> • Informed consent forms and information sheets
---	--	--	--	---

2. HUMANS	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
<p>Does your research involve human participants?</p> <p><u>*P.N.</u></p> <p>If children/minors are involved:</p> <ul style="list-style-type: none"> • Details on assent procedures and parental consent for children and other minors <p>If other persons unable to give informed consent are involved:</p> <ul style="list-style-type: none"> • Details on the procedures for obtaining consent from the guardian/legal representative • Procedures to ensure participants are not subject to any form of coercion and undue inducement 			<ul style="list-style-type: none"> • Details on recruitment, inclusion and exclusion criteria, informed consent procedures * plus: <p><u>If they are volunteers</u></p> <ul style="list-style-type: none"> • Details on unexpected findings policy <p><u>If they are healthy volunteers for medical studies</u></p> <ul style="list-style-type: none"> • Details on incidental findings policy <p><u>If they are patients for medical studies</u></p> <ul style="list-style-type: none"> • Details on the disease/condition/disability • Details on incidental findings policy <p><u>If they are potentially vulnerable individuals or groups</u></p> <ul style="list-style-type: none"> • Details on the type of vulnerability 	<ul style="list-style-type: none"> • Copies of ethics approvals • Informed consent forms and information sheets

			<ul style="list-style-type: none"> Procedures to ensure participants are not subject to any form of coercion and undue inducement <p><u>If they are children/minors</u></p> <ul style="list-style-type: none"> Details on the age range Procedures to ensure the welfare of the child or other minors Justification for involving children/minors 	
Does your research involve interventions (physical also including imaging technology, behavioural treatments, tracking and tracing, etc.) on the study participants?			<p><u>If it involves invasive techniques:</u></p> <ul style="list-style-type: none"> Risk assessment for each technique and overall <p><u>If it involves collection of biological samples:</u></p> <ul style="list-style-type: none"> Details on the type of samples to be collected Procedure for the collection of biological samples 	<p><u>If it involves invasive techniques:</u></p> <ul style="list-style-type: none"> Copies of ethics approvals
Does your activity involve conducting a clinical study as defined by the Clinical Trial Regulation 536/2014 (using pharmaceuticals, biologicals, radiopharmaceuticals, or advanced therapy medicinal products)? If so, is it a clinical trial or low-intervention clinical trial?			<ul style="list-style-type: none"> Details on the medical products that are being used and risk assessment Details on the disease/condition /disability of the participants Details of the recruitment, inclusion and exclusion criteria and informed consent procedures Details on the incidental findings policy 	<ul style="list-style-type: none"> Registration in the EU database (when applicable) Copy of authorisation/ethics approval to conduct clinical trial Copy of the insurance and liability details

3. HUMAN CELLS / TISSUES	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
<p>Does your activity involve the use of human cells or tissues (other than those covered by section 1)?</p>			<p><u>If they are human embryonic or foetal cells or tissues:</u></p> <ul style="list-style-type: none"> • Origin of human foetal tissues/cells • Details on informed consent procedures • Confirmation that the informed consent has been obtained • If applicable, details on the induced human pluripotent cell lines <p><u>If they are available commercially:</u></p> <ul style="list-style-type: none"> • Details on cell types and provider (company or other) <p><u>If they are obtained within this project:</u></p> <ul style="list-style-type: none"> • Details on cell types including the source of the material, the amount to be collected and the procedure for collection • Details on the duration of storage and what will be done with the material at the end of the activity • Confirmation that informed consent has been obtained <p><u>If they are obtained from another project, laboratory or institution:</u></p>	<p><u>If they are human embryonic or foetal cells or tissues:</u></p> <ul style="list-style-type: none"> • Copies of ethics approvals • Informed consent forms and information Sheet • If applicable, registration certificates of the cell lines and project from the hPSCre <p><u>If they are available commercially:</u></p> <ul style="list-style-type: none"> • Copies of import licences (if relevant) <p><u>If they are obtained within this project:</u></p> <ul style="list-style-type: none"> • Copies of ethics approvals (if relevant) • Informed consent forms and information sheets

			<ul style="list-style-type: none"> • Details on cell types • Country where the material is stored • Details of the legislation under which material is stored • Details on the duration of storage and what will you do with it at the end of the project? • Name of the laboratory/institution. • Country where the laboratory/institution is located • Confirm that material is fully anonymised or that consent for secondary use has been obtained <p><u>If they are obtained from a biobank:</u></p> <ul style="list-style-type: none"> • Details on cell types • Details on the biobank • Details of the legislation under which material is stored • Confirmation that material is fully anonymised or that consent for secondary use has been obtained 	<p><u>If they are obtained from another project, laboratory or institution:</u></p> <ul style="list-style-type: none"> • Authorisation by primary owner of cells/tissues (including references to ethics approvals) • Copies of import licences (if relevant) • Statement from the primary laboratory/institution that informed consent has been obtained <p><u>If they are obtained from a biobank:</u></p> <ul style="list-style-type: none"> • Copies of import licences (if relevant) • Statement of biobank that informed consent has been obtained
--	--	--	--	---

4. PERSONAL DATA	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
Does your research involve personal data collection and/or processing (inc. secondary use)?			<u>If your activity involves processing of personal data</u>	<u>If your activity involves processing of personal data</u>

Annex 5

		<ul style="list-style-type: none"> • Details of the technical and organisational measures to safeguard the rights and freedoms of the participants/data subjects. These may include: <ul style="list-style-type: none"> - Project specific data - protection policy and/or the contact details of the data protection officer (these must be provided to the participants) - The security measures to prevent unauthorised access to personal data - Anonymisation/ pseudonymisation techniques • Details of the informed consent procedures with regard to the data processing (if relevant) • Explanation as to how all of the processed data is relevant and limited to the purposes of the project ('data minimisation' principle) • Justification of why personal data will not be anonymised/ pseudonymised (if relevant) • Details of the data transfers (type of data transferred and country to which data are transferred) 	<ul style="list-style-type: none"> • Informed consent forms and information Sheets (if relevant) • Data management plan (if relevant) • Data protection impact assessment (if relevant)
--	--	--	--

		<p><u>If it involves the processing of special categories of personal data (e.g. sexual lifestyle, ethnicity etc.):</u></p> <ul style="list-style-type: none"> • Justification for the processing of special categories of personal data (if relevant) • Justification to why the project objectives cannot be reached by processing anonymised/pseudonymised data (if applicable) <p><u>If it involves profiling, systematic monitoring of individuals, or processing of large scale of special categories of data or intrusive methods of data processing (such as, surveillance, geolocation tracking etc.)</u></p> <ul style="list-style-type: none"> • Details of the methods used for tracking, surveillance or observation of participants • Details of the methods used for profiling • Assessment of the ethics risks related to the data processing operations • Explanation as to how the rights and freedoms of the participants/data subjects will be 	<p><u>If it involves processing of genetic, biometric or health data:</u></p> <ul style="list-style-type: none"> • Declaration confirming compliance with the laws of the country where the data were collected <p><u>If it involves profiling, systematic monitoring of individuals, or processing of large scale of special categories of data or intrusive methods of data processing (such as, surveillance, geolocation tracking etc.)</u></p> <ul style="list-style-type: none"> • Opinion of the data controller on the need for conducting data protection impact assessment under art 35 GDPR. (if relevant)
--	--	--	---

		<p>safeguarded and harm will be prevented</p> <ul style="list-style-type: none"> • Explanation as to how the data subjects will be informed of the existence of the profiling, its possible consequences and how their fundamental rights will be safeguarded <p><u>If your activity involves further processing of previously collected personal data (secondary use):</u></p> <ul style="list-style-type: none"> • Details of the database used or of the source of the data • Details of the data processing operations • Explanation as to how the rights of the participants/data subjects will be safeguarded. • Explanation as to how all of the processed data is relevant and limited to the purposes of the project ('data minimisation' principle) • Justification of why the data will not be anonymised/ pseudonymised (if relevant) 	<p><u>If your activity involves further processing of previously collected personal data (secondary use):</u></p> <ul style="list-style-type: none"> • Confirmation that the data controller has a lawful basis for the data processing and that the appropriate technical and organisational measures are in place to safeguard the rights of the data subjects • Permission by the owner/manager of the data sets (e.g. social media databases) (if applicable) • Informed Consent Forms + Information Sheets + other consent documents (if applicable)
<p>Are data transfer activities planned (export from the EU to non-EU countries / import from non-EU countries into the EU or from a non-EU country to another non-EU country)?</p>		<p><u>If it is planned to export personal data from the EU to non-EU countries</u></p>	<p><u>If it is planned to export personal data from the EU to non-EU countries</u></p>

			<ul style="list-style-type: none"> • Details of the types of personal data and countries involved • Explanation as to how the rights and freedoms of the participants/data subjects will be safeguarded <p><u>If it is planned to import personal data from non-EU countries into the EU or from a non-EU country to another non-EU country</u></p> <ul style="list-style-type: none"> • Details of the types of personal data and countries involved 	<ul style="list-style-type: none"> • Confirmation that data transfers will be made in accordance with Chapter V of the General Data Protection Regulation 2016/679 <p><u>If it is planned to import personal data from non-EU countries into the EU or from a non-EU country to another non-EU country</u></p> <ul style="list-style-type: none"> • Confirmation of compliance with the laws of the country in which the data was collected
Does your activity involve the processing of personal data related to criminal convictions or offences?			<ul style="list-style-type: none"> • Details on the personal data to be processed and the legal basis for the processing • Risk assessment for the data processing operations • Explanation as to how harm will be prevented and the rights of the participants/data subjects will be safeguarded 	<ul style="list-style-type: none"> • Opinion of the data controller on the need for conducting data protection impact assessment under art 35 GDPR (if relevant)

5. SECURITY ISSUES	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
--------------------	-----	----	-------------------------------------	-----------------------------------

<p>Does the proposed research involve EUCI classified at the following level?</p> <ul style="list-style-type: none"> • TOP SECRET • SECRET • CONFIDENTIAL • RESTRICTED 			<p>Details about the application of protective measures, techniques and materials designed to prevent or mitigate the risks of unauthorised access to EUCI</p>	
--	--	--	--	--

6. ARTIFICIAL INTELLIGENCE	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
<p>Does this activity involve the development, deployment and/or use of Artificial Intelligence-based systems?</p>			<ul style="list-style-type: none"> • Explanation as to how the participants and/or end-users will be informed about: <ul style="list-style-type: none"> - their interaction with an AI system/technology (if relevant); - the abilities, limitations, risks and benefits of the proposed AI system/technique; - the manner in which decisions are taken and the logic behind them (if relevant) • Details on the measures taken to avoid bias in input data and algorithm design • Explanation as to how the respect to fundamental human rights and freedoms (e.g. human autonomy, 	

			<p>privacy and data protection) will be ensured</p> <ul style="list-style-type: none"> Detailed explanation on the potential ethics risks and the risk mitigation measures 	
<p>Could the AI based system/technique potentially stigmatise or discriminate against people (e.g. based on sex, race, ethnic or social origin, age etc.)?</p>			<ul style="list-style-type: none"> Detailed explanation of the measures set in place to avoid potential bias, discrimination and stigmatisation 	
<p>Does the AI system/technique interact, replace or influence human decision-making processes (e.g. issues affecting human life, health, well-being etc.)?</p>			<ul style="list-style-type: none"> 1) Detailed explanation on how humans will maintain meaningful control over the most important aspects of the decision-making process Explanation on how the presence/role of the AI will be made clear and explicit to the affected individuals 	<ul style="list-style-type: none"> Information sheets/Template Informed consent forms (if relevant)
<p>Does the AI system/technique have the potential to lead to negative social (e.g. on democracy, media, labour market, freedoms, educational choices etc.)?</p>			<ul style="list-style-type: none"> Justification of the need for developing/using this particular technology Assessment of the ethics risks and detailed description of the measures set in place to mitigate the potential negative impacts during the research, development, deployment and post-deployment phase 	<ul style="list-style-type: none"> For serious and/or complex cases: Algorithmic impact assessment/human right assessment. These must cover the development, deployment and post-deployment phases
<p>Does the AI to be developed/used in the project raise any other ethical issues not covered by the questions above (e.g., subliminal, covert or deceptive AI etc.)?</p>			<ul style="list-style-type: none"> Detailed explanation on how the potential ethics issues will be addressed and the measures set in place to mitigate ethics risks 	<ul style="list-style-type: none"> Detailed risk assessment accompanied by a risk mitigation plan. These must cover the development, deployment and postdeployment phases

7. ANIMALS	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
Does your research involve animals?			<ul style="list-style-type: none"> • Details on the numbers of animals to be used, nature of the experiments, procedures and techniques to be used • Details on species and rationale for their use • Details on procedures to ensure animal welfare • Details on implementation of the 3Rs Principle <p><u>If they are genetically modified</u></p> <ul style="list-style-type: none"> • Number of animals to be used, nature of the experiments, procedures, anticipated impact and how this will be minimised • Details on species and rationale for their use • Details on procedures to ensure animal welfare • Details on implementation of the 3Rs Principle <p><u>If they are non-human primates (NHP) (e.g. monkeys, chimpanzees etc.)</u></p> <p>Same information as above plus:</p> <ul style="list-style-type: none"> • Justification on why NHPs are the only subjects suitable for achieving your scientific objectives • Details on the purpose of the animal testing 	<ul style="list-style-type: none"> • Copies of all appropriate authorisations for the supply of animals and the project experiments • Copies of training certificates/ personal licences of the staff involved in animal experiments <p><u>If they are genetically modified</u></p> <p>Same documents as above</p> <p><u>If they are non-human primates (NHP) (e.g. monkeys, chimpanzees etc.)</u></p> <p>Same documents as above plus:</p> <ul style="list-style-type: none"> • Personal history file of NHP (See art 31 of Directive 2010/63)

			<ul style="list-style-type: none"> • Details on the origin of the animals <p><u>If they are cloned farm animals</u> Same information as above</p> <p><u>If they are an endangered species</u></p> <ul style="list-style-type: none"> • Justification on why there is no alternative to using this species • Details on the purpose of the activity 	<p><u>If they are cloned farm animals</u></p> <ul style="list-style-type: none"> • Copies of all appropriate authorisations for the supply of animals and the project experiments • Copies of training certificates/ personal licences of the staff involved in animal experiments • Copies of authorisations for cloning (if required) <p><u>If they are an endangered species</u></p> <ul style="list-style-type: none"> • Copies of authorisations for supply of endangered animal species (including CITES) and the project experiments • Copies of training certificates/ personal licences of the staff involved in animal experiments
--	--	--	---	---

8. THIRD COUNTRIES	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
In case non-EU countries are involved, do the research related activities undertaken in these countries raise potential ethics issues?			<ul style="list-style-type: none"> • Countries involved • Risk-benefit analysis • Details on activities are carried out in non-EU countries • Details on the materials and the countries involved 	<ul style="list-style-type: none"> • Copies of ethics approvals and other authorisations or notifications (if required) • Confirmation that the activity could have been legally carried out in an EU country (for instance, an opinion from an appropriate ethics structure in an EU country)

Annex 5

<p>Do you plan to use local resources (e.g. animal and/or human tissue samples, genetic material, live animals, human remains, materials of historical value, endangered fauna or flora samples, etc.)?</p>			<ul style="list-style-type: none"> • Details on the type of local resources to be used and modalities for their use 	<ul style="list-style-type: none"> • For human resources: copies of ethics approvals • For animals, plants, micro-organisms and associated traditional knowledge: documentation showing compliance with the UN Convention on Biological Diversity (e.g. access permit and benefit sharing agreement)
<p>Do you plan to import any material - other than data - from non-EU countries into the EU? (n/a for EDF)</p>			<ul style="list-style-type: none"> • Countries involved • Details on the type of materials to be imported 	<ul style="list-style-type: none"> • Copies of import licences/Material Transfer Agreement (MTA)
<p>Do you plan to export any material - other than data - from the EU to non-EU countries? (n/a for EDF)</p>			<ul style="list-style-type: none"> • Countries involved • Details on the type of materials to be exported 	<ul style="list-style-type: none"> • Copies of export licences/ Material Transfer Agreement (MTA)
<p>Could the situation in the country put the individuals taking part in the research at risk?</p>			<ul style="list-style-type: none"> • Details of the safety measures you intend to take, including training for staff and insurance cover 	<ul style="list-style-type: none"> • Insurance coverage (if relevant)
<p>In case your research involves low and/or lower middle-income countries, are any benefits sharing actions planned?</p>			<ul style="list-style-type: none"> • Details on the benefit sharing measures • Details on the responsiveness to local needs • Details on the procedures to facilitate effective capacity building 	

9. ENVIRONMENT & HEALTH and SAFETY	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
Does your research involve the use of substances or processes (or technologies) that may cause harm to the environment, to animals or plants?			<ul style="list-style-type: none"> Risk-benefit analysis Show how you apply the precautionary principle (if relevant) Details on safety measures to be implemented 	<ul style="list-style-type: none"> Safety classification of laboratory. Copy of GMO and other authorisations (if required)
Does your research deal with endangered fauna and/or flora and/or protected areas?			<ul style="list-style-type: none"> Details on endangered fauna and/or flora/protected areas 	<ul style="list-style-type: none"> Specific authorisations (if required)
Does your research involve the use of substances or processes (or technologies) that may cause harm to humans, including those performing the activity?			<ul style="list-style-type: none"> Details of the health and safety procedures 	<ul style="list-style-type: none"> Safety classification of laboratory Host Institution safety procedures

10. MISUSE	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
Could the materials/methods/technologies and knowledge involved or generated harm humans, animals or the environment?			<ul style="list-style-type: none"> Details on additional safety measures 	<ul style="list-style-type: none"> Risk-assessment to prevent misuse Copies of health and safety authorisations, and ethics approvals if relevant
Does your research involve dual-use items, or other items for which an authorisation is required?			<ul style="list-style-type: none"> Details on dual-use items 	<ul style="list-style-type: none"> Copies of safety authorisations

Annex 5

Could your research raise concerns regarding the exclusive focus on civil applications?			<ul style="list-style-type: none"> Any relevant information (e.g. direct military use, potential for terrorist abuse etc.) 	<ul style="list-style-type: none"> Any relevant document
Could the materials/methods/technologies and knowledge involved or generated serve purposes other than those intended? If so, would such use be unethical?			<ul style="list-style-type: none"> Any relevant information (e.g. development of technologies that could curtail human rights and civil liberties, involvement of minority or vulnerable groups etc.) 	<ul style="list-style-type: none"> Any relevant document

11. OTHER ETHICS ISSUES	YES	NO	If YES - Information to be provided	If YES - Documents to be provided
Are there any other ethics issues that should be taken into consideration?			<ul style="list-style-type: none"> Any relevant information 	<ul style="list-style-type: none"> Any relevant document

Date

Holographic or digital signature
