

Entry requirements for qualifications awarded by non-Italian education systems.

Preliminary notes:

- If you are an Italian citizen and you achieved an international High School Diploma, your title allows you to continue your studies in Italian Universities only if it has been awarded on the basis of at least the last two years of attendance, with a positive result, in the foreign education system.
- For recognition of qualification awarded either by foreign schools in Italy or Italian Schools abroad please check CIMEA's [publication n. 135](#). If you hold a final qualification of Secondary School Institutions of the Republic of San Marino, please read the Attachment 2 of the [Ministerial regulations](#).
- If you hold a secondary education qualification obtained in a country with 11 years of schooling and you wish to apply to a Bachelor's Degree Programme, please check compensative measures in [Annex 1](#) of the Ministerial Circular or apply for Sapienza [Foundation Year](#).
- REGARDING TRANSNATIONAL EDUCATION (TNE): TNE Programmes belong to the higher education system of a country different from the one where they are offered. In such cases the institutions have to be accredited/recognized in the education system both of the country where they are sited and of the one of belonging. In particular, if applicants submit a foreign qualification obtained after studies mainly carried out in Italy, the recognition, even partial, of this qualification is subject to the accreditation procedure of the institution operating in Italy, as established by Decree n. 214 of April 26 2004, in implementation of Article VI.5 of the [Lisbon Convention](#).
