

Let's roll up our sleeves

And get vaccinated
COVID-19 vaccine is key

l'Italia rinasce
con un fiore
vaccinazione
anti-Covid 19

Safety at Sapienza in four steps

Wash your hands, and do it often
Use water and soap
or alcohol-based hand sanitiser

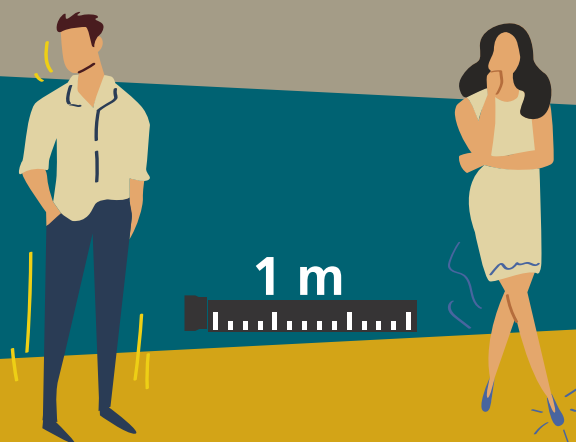

Stay home when you are sick

For example, fever or other respiratory symptoms,
cough, cold, sore throat, gastrointestinal symptoms,
alterations in smell or taste.

Physical distance is paramount

1 metre (around 3 feet) or more, when possible

Wear your face mask at all times

Indoors and outdoors
when you cannot keep to the 1-metre rule
