ITALY, ROME & DIGITAL

SAPIENZA UNIVERSITY OF ROME
JUNE 15-17, 2022

WELCOME MESSAGE

Dear Colleagues, Dear Friends,

Welcome to the 2022 World Health Summit Regional Meeting hosted in Rome by Sapienza University!

As you know, the World Health Summit Regional Meeting takes place every year in different parts of the world in addition to the annual World Health Summit in Berlin and brings regional topics to the forefront.

Each Regional Meeting is hosted by the M8 Alliance member holding the World Health Summit International Presidency, which rotates every year.

The M8 Alliance of Academic Health Centers, Universities and National Academies is a growing network and currently consists of 30 members in 20 countries, including the InterAcademy Partnership (IAP), which represents the national academies of medicine and science in 130 countries.

Sapienza University has been an M8 Alliance member since 2015 and is very honored and proud to organize for the first time the Summit in Italy.

The COVID-19 pandemic has shown how we are interconnected as a global community, so in this summit more than 100 speakers will debate the improvement of global health and the development of scientific solutions to health challenges in more than 20 sessions, discussing these important topics:

- Vaccine Development and Policies: Challenges and Strategies*
- Healthcare Systems*
- Metabolic Syndrome and Chronic Diseases*
- New Technologies and Personalized Therapies*
- New Frontiers in Healthcare Promotion*

So, we are sure that during the Summit scientific interactions and networking possibilities can create opportunities for future health problems solutions and research collaborations; we want to be proactive in investing in scientific research and education, supporting technological innovations and promoting the wellbeing of humanity.

WELCOME MESSAGE

WORLD
HEALTH
SUMMIT

On behalf of the WHS Regional Meeting Organizing Committee, I welcome you all to Rome:

I hope you will have a remarkable scientific experience during the Summit and I am sure that you can also taste the magical atmosphere of Rome, the eternal City.

Eugenio Gaudio

*President of the Organizing Committee
World Health Summit Regional Meeting 2022*

ABOUT THE WORLD HEALTH SUMMIT REGIONAL MEETING

SCIENCE - INNOVATION - POLICIES

We announce that the World Health Summit Regional Meeting 2022, Italy, Rome will take place in Sapienza University of Rome on June 15-17, 2022.

Each year, the Regional Meeting integrates the program of the prestigious World Health Summit which takes place at the end of October in Berlin. The Regional Meeting is held in late spring, and is hosted by a member of the M8 Alliance of Academic Health Centres, Universities and National Academies, that holds the World Health Summit International Presidency for that year. The past eight meetings were in Singapore (2013), Sao Paulo-Brazil (2014), Kyoto-Japan (2015), Geneva-Switzerland (2016), Montreal-Canada (2017) Coimbra-Portugal (2018)), Kish Island-Iran (2019), Kampala-Uganda (2021).

The Program is structured in more than 20 expert sessions where 2 chairpersons and 4/5 experts through their contributions will offer the starting point for a debate, to which ample space will be given. The sessions and the structure of the entire event are intended to offer points for discussion and debate that, in addition to scientists, involve stakeholders such as legislators / politicians, innovators,

pharmaceutical industries, NGOs.

Plenary sessions are also planned which, in addition to the Opening Ceremony and the Closing Ceremony, include four Keynote Lectures and which will take place in the prestigious Aula Magna at Sapienza Rectorate. The Regional Meeting 2022, Italy, Rome through an intense scientific program and an ambitious work schedule, completely fits the wake of the objectives of the World Health Summit, which are the improvement of global health and the development of scientific solutions to health challenges.

Sapienza University of Rome will be the appropriate venue for scientific discussion and sharing of knowledge and technological advances in the field of human health. The intent is to point the spotlights for two and a half days on global and public health, an even more meaningful debate after the long months of the COVID-19 pandemic.

For 2022 the International Presidency of the World Health Summit is assigned to Sapienza University of Rome which is the only Italian institution member of the M8 Alliance.

ABOUT THE M8 ALLIANCE

Academic Health Centers, Universities and National Academies

The M8 Alliance of Academic Health Centers, Universities and National Academies is the academic foundation of the World Health Summit.

It is a growing network and currently consists of 30 members in 20 countries, including the InterAcademy Partnership, which represents the national academies of medicine and science in 130 countries.

The M8 Alliance was initiated by Charité Universitätsmedizin – Berlin in 2009 on the occasion of the first World Health Summit.

The goal of the M8 Alliance: Agenda-setting for global health improvement and development of science based solutions to global health challenges.

The International Presidency of the World Health Summit rotates annually among members of the M8 Alliance.

As a result of each World Health Summit the M8 Alliance issues the M8 Alliance Declaration: recommendations for action to international policymakers.

The M8 Alliance organizes annual Regional Meetings in the member countries, regular Expert Meetings, and Summer Schools.
