CHOOSE SAPIENZA!

In 2019 Sapienza launched the SapiExcellence SEAL and ADD actions to promote and encourage participation in the MSCA programme choosing Sapienza as host institution. The SEAL and ADD initiatives allowed to grant, over the course of three years, **16** fellowships to excellent young researchers.

SEAL of SAPIExcellence – fellowships granted to proposals submitted under a MSCA-PF call with Sapienza as host institution that have been awarded the "Seal of Excellence" by the evaluation Panel.

ADD SAPIExcellence – fellowships granted to extend by 1 year the duration of funded MSCA PF or DN projects that have Sapienza as host institution.

Furthermore, Sapienza has issued a new Regulation to encourage participation in research of excellence programmes and granted tenure-track positions to several MSCA grantees.
