SAPIENZA FOR
MARIE SKŁODOWSKA-CURIE ACTIONS

PROJECT ASSISTANCE AND OPPORTUNITIES @ SAPIENZA

INTERNATIONAL RESEARCH OFFICE
Researchers Mobility and European Programmes Unit
In 2019 Sapienza launched the SapiExcellence SEAL and ADD actions to promote and encourage participation in the MSCA programme choosing Sapienza as host institution. The SEAL and ADD initiatives allowed to grant, over the course of three years, 16 fellowships to excellent young researchers.

**SEAL of SAPIExcellence** - fellowships granted to proposals submitted under a MSCA-PF call with Sapienza as host institution that have been awarded the "Seal of Excellence" by the evaluation Panel.

**ADD SAPIExcellence** - fellowships granted to extend by 1 year the duration of funded MSCA PF or DN projects that have Sapienza as host institution.

Furthermore, Sapienza has issued a new Regulation to encourage participation in research of excellence programmes and granted tenure-track positions to several MSCA grantees.

**CHOOSE SAPIENZA!**

Sapienza organizes every year events to promote MSCA among the academic community and training workshops dedicated to potential applicants.

**SAPIENZA GIVES YOU OPPORTUNITIES**

Over the years, Sapienza has developed a range of services aimed at guiding and supporting candidates who intend to participate in MSCA calls.

**INFODAY & WORKSHOP**

Sapienza developed specific MSCA Kits for Applicants with a range of documents useful for the preparation of proposals.

**KIT FOR APPLICANTS**

Sapienza dedicates a tailor-made support to applicants who want to make a re-submission through a detailed analysis of the Evaluation Summary Report.

**EVALUATION REVIEW**

Sapienza implements a pre-screening service designed to provide applicants tips and suggestions to improve their proposals.

**PRE-SCREENING**
YOUR PATH TOWARDS A MSCA @ SAPIENZA
