Infostud app: online personal assistant

You can activate your online personal assistant:
- via the **pop-up window**, which allows you to activate both voice and transcription (automatic or manual);
- via the voice-only channel.

**For English speakers:** Infostud virtual assistant currently works in Italian only. Please switch to the Italian version of the app if you need your assistant.

**Pop-up window**

Click on the smiley red icon 🎈 at the bottom of your screen. Agree if the application asks for your consent to access your device’s microphone.
Ask or type in your request. For instance "Qual è la mia media?" (What's my grade point average?)

The virtual assistant will recognise your voice and answer with text and audio, eventually transferring you to the page of your interest.

COVID-19: informazioni sulla didattica
In via eccezionale, in considerazione dell’evoluzione del quadro epidemiologico, per le sessioni di esame di profitto e di esame di laurea di gennaio e febbraio, le strutture didattiche sono invitate a ricorrere con flessibilità alla modalità a distanza

Via voice channel

Click on the smiley red icon 🙁 at the bottom of your screen. Agree if the application asks for your consent to access your device’s microphone. The icon will then turn green and animate.

Keep it pressed, and ask your question. The virtual assistant will recognise your voice and answer verbally, eventually transferring you to the page of your interest.
