Internship/Stage		The Scientific Educational Council reserves to activate training placements for the most distinguished candidates, based on the availability of EPLO/ELGS and its partners, subject to the stipulation of specific agreements. The traineeship program is a non-curricular activity and therefore does not contribute to the achievement of the 60 credits (ECTS) required to obtain the degree; it may be carried out at the end of the course within twelve months after the degree.		SSD not required		<i>At EPLO offices (Headquarters and/or Offices and/or Branches), its agencies and/or partners, national institutions</i>	
Other Activities		Teaching activities include seminars, tutorials and participation in meetings and conferences, including participation in events organised by Sapienza and EPLO/ELGS throughout the whole duration of the program.		SSD not required	2	<i>Seminars, conferences</i>	
Final test		In order to obtain the degree, a thesis or final dissertation, consisting of a paper of no less than forty to fifty (40-50) typewritten pages on topics		SSD not required	5	<i>Final paper</i>	

	relating to one of the subjects taught during the course, is to be discussed. Each candidate is free to choose the subject or topic of the thesis according to his or her interests and preferences. The supervisor of the relevant module, or another lecturer-reporter, supports the candidate in selecting the topic and title of the paper, which must be characterised by originality and practical-applicative relevance.			
	TOTAL ECTS		60
